Over 4.2 million people reside in Oregon, including nearly 773,000 seniors aged 65 or older who may need services and support to help meet their health or personal care needs. Many older adults prefer care in their homes where they feel most comfortable and connected to their communities. Oregon's seniors struggling with the cost of long-term care have access to several programs that help them pay for the services they need.

**Medicaid**

The Oregon Health Plan is Oregon’s Medicaid program and may help pay for some long-term care services for qualifying seniors. Medicaid offers various long-term care services usually not covered by Medicare or traditional health insurance, such as facility-based care or in-home care that helps seniors remain independent and in their homes. There isn’t an open enrollment period for the Oregon Health Plan, so you can apply any time.

**How to Apply**

Apply online using the Oregon Eligibility system. You can also complete a paper application. Complete, sign and submit these applications by:

- Mailing it to OHP Customer Service, P.O. Box 14015, Salem, OR 97309-5032.
- Fax to 503-378-5628.

### How to Apply

To apply for Medicare online, visit the Social Security Administration website, agree to the terms of service and fill out the application. To apply by telephone, call (800) 772-1213. If you prefer to apply in person, use the SSA office locator to find a nearby Social Security office.

### Eligibility

You may qualify for Medicare coverage if any of the following apply:

- You have end-stage renal disease.
- You’re under age 65 and have a disability.

### Aging and Physically Disabled Waiver

The Aging and Physically Disabled Waiver helps seniors aged 65 or older or adults aged 18 to 64 with physical disabilities who require a nursing facility level of care receive services in their home or a community-based setting. This waiver enables independent living or assisted living by ensuring eligible seniors receive the care they need.
How to Apply

The Oregon Health Authority monitors and oversees the Aging and Physically Disabled Waiver but the Oregon Department of Human Services operates this home and community-based waiver program. Seniors may apply at their local Oregon Department of Human Services office for the Aging and People with Disabilities, or Area Agencies on Aging office. They may also call 855-673-2372 for assistance.

The Oregon Tribes and Native American Rehabilitation Association of the Northwest deliver services to participants who are tribal members.

Oregon Prescription Drug Program
The Oregon Prescription Drug Program transitioned to the ArrayRx Discount Card Program on January 1, 2022. Anyone previously enrolled must re-enroll with ArrayRx. However, it’s still state-sponsored and authorized by the Oregon Health Authority. The program can save participants up to 80% on generic drugs and 20% on name-brand prescriptions at most pharmacies.

How to Apply
Applicants can sign up online. You can also enroll by phone at (800) 913-4284 or request help creating an online account by calling (800) 913-4146.

Eligibility
All Oregon residents qualify and it’s free to join. There aren’t any age, income or asset restrictions. There also aren’t any drug lists or formulas required.

Medicare
Original Medicare consists of Part A, which covers services provided on an inpatient basis, and Part B, which covers outpatient services. For example, Part A covers nursing care provided during a hospital stay, while Part B covers things like doctor visits and durable medical equipment.

How to Apply
To apply for Medicare online, visit the Social Security Administration website and fill out the form. You can also apply by telephone or in person. Call (800) 772-1213 to speak with a representative or use the online locator to find a Social Security office near you.

Eligibility
To receive Medicare benefits, you must be at least 65 years old or have a qualifying disability or end-stage renal disease. Everyone pays a premium for Part B, but you may qualify for premium-free Part A coverage if you or your spouse worked and paid Medicare taxes for at least 10 years.

Medicare Advantage
Original Medicare is managed by the federal government, but Medicare Advantage Plans are sold by private insurance companies. Each plan must offer at least the same amount of coverage as Original Medicare, but many insurers offer extra benefits to make their plans more attractive to consumers.
How to Apply
Use the Find a Medicare Plan tool on Medicare.gov to compare Medicare Advantage Plans in your state. When you’re ready to enroll, call (800) 633-4227 or contact the plan provider directly.

Eligibility
If you’re eligible for Original Medicare, you are likely eligible for Medicare Advantage; however, confirm eligibility requirements with the plan provider.

Medicare Part D
Original Medicare doesn’t cover most prescription drugs, so you may want to enroll in Medicare Part D, a supplemental plan that pays for a wide range of medications. Each plan has a formulary that explains how much coverage is provided for each type of drug. Most Medicare Advantage Plans include prescription drug coverage, and you can’t enroll in Medicare Part D if you have a Medicare Advantage Plan that pays for prescription medications.

How to Apply
Use the Find a Medicare Plan tool on Medicare.gov to find a plan that meets your needs. When you’re ready to enroll, contact the plan directly for instructions on applying for coverage.

Eligibility
To qualify for Medicare Part D, you must be enrolled in Medicare Part A and Medicare Part B (Original Medicare) or one of the few Medicare Advantage Plans that doesn’t cover prescription drugs.

Medicare Savings Programs
Medicare Savings Programs help seniors with Medicare pay for their medical care by potentially paying for their Part A and/or Part B premiums, Medicare deductibles, coinsurance and copayments. Eligibility is based on income, with limits changed annually.

- **Qualified Medicare Beneficiary Program**: This MSP helps pay for Medicare Part A/Part B premiums, Part A/Part B deductibles and Part A/Part B coinsurance.
- **Specified Low-Income Medicare Beneficiary**: The SLMB program helps pay Medicare Part B premiums.
• **Qualified Individual:** The QI program also helps participants pay their Medicare Part B premiums, but it has higher income limits than the QMB and SLMB programs.

• **Qualified Disabled Working Individual:** This MSP pays Medicare Part A premiums for participants who lost their Medicare and Social Security disability benefits because they returned to work and earned more than the allowable limit.

**How to Apply**

To apply for Medicare Savings Programs, seniors should contact their local health services office for the Aging and People with Disabilities program office. They can also call 855-873-2372 for assistance. If they’d like an application mailed to them, they can call Customer Service at 800-699-9075. However, it’s faster to apply online after creating an account. The Oregon Department of Health Services makes application decisions within 45 days of submission.

**Eligibility**

To qualify for the various Medicare Savings Programs, you must meet the relevant monthly income and asset limits and be:

- Eligible for Medicare Part A.
- An Oregon resident.
- A U.S. citizen.

Cash assistance programs help pay for expenses not covered by health insurance, senior living programs and other forms of aid. These benefits can be used to pay for toiletries, public transportation, utilities and other necessities.

**Social Security**
Social Security is a source of income available to retirees and people who can no longer work because of a disability. The money for Social Security comes from a payroll tax levied on employers, employees and self-employed individuals. When you retire, you'll receive monthly payments based on how much you earned when you were working.

**How to Apply**
To apply online, visit the Social Security website and fill out the application. You can also call (800) 772-1213.

**Eligibility**
To qualify for Social Security, you must earn at least 40 Social Security credits in your lifetime. Working and paying your portion of the Social Security payroll tax helps you earn these credits.

**Supplemental Security Income**
Supplemental Security Income is a tax-funded program that provides monthly payments to help aged, blind and disabled people meet their basic needs.

Aging in place in a familiar environment brings a sense of comfort and independence that many older adults don’t want to give up. However, many seniors, especially those on a limited budget, may struggle to pay for certain necessities that keep them healthy, safe and financially secure. Oregon has several programs to help support the desire to remain at home for as long as possible, such as property tax deferment, utility assistance and home repair, to ensure seniors have the support they need to thrive.

Seniors with mobility or other functional limitations benefit from durable medical equipment to help retain their independence and ensure their safety. However, they can’t always afford it. Some insurance sometimes covers durable medical equipment, but there’s often a waiting period. Food Assistance Programs for Seniors

Food insecurity and lack of nutritious meals should never be something seniors face, but many older adults may experience both. Access to hot meals delivered to their homes or grocery items at food pantries or the local grocery store can make all the difference in healthy, happy aging. Nonprofits and government entities across Oregon offer food assistance programs for seniors to help ensure they remain safe and fed.

**Meals on Wheels**

The Meals on Wheels program has branches throughout the nation, including Oregon, where volunteers deliver hot and fresh meals to seniors in their homes. These meal deliveries have three benefits. They provide much-needed nutrition, social interaction and wellness checks.
